

Local Roots Farmers Market 2021 - 2022 Not For Profit Table Request

Local Roots Farmers Markets allows for a local not-for-profit through out the season at all of our markets in Lee County. This spot is for the organization to spread their word about an upcoming event, or to create a heightened awareness regarding their mission. Each organization is allowed one week per season in the market relative to its location and pending availability. The sale of products such as shirts, crafts, plants, fruit, drinks, snacks, etc. are not permitted unless cleared by market managers. This is to avoid conflicts in our agreement with the governing City, Lee County, landowners, and/or our vendors.

Organizations must supply their own set up and guidelines are as follows:

- One 6-8 ft rectangular table and chairs.
- 1 umbrella if desired and appropriate displays. Some markets have room for a 10 x 10 tent.
- Volunteers and/or staff must be set up and be ready 15 minutes before the market opens.
- Tear down cannot begin until 10 minutes after closing.
- Cars must be parked in the designated area for non-profits (on Sanibel non-profit parking is the theater on Periwinkle. Please have volunteers take a photo of their cars and show the Market manager to ensure that they are in the proper location). Due to limited parking, we request no more than 2 vehicles. If a member of the not for profit is disabled, please let the Market Manager know and an appropriate parking spot can be designated.
- No smoking permitted within the footprint of the market by volunteers or staff.
- No pets allowed. No hawking the customers.
- Please note ONLY Bonita Springs located non-profits are allowed in the Bonita Springs Farmers Market per City Council
